- Luna bar table
- Luna armchair

Luna collection was created as a result of circular and semicircular elements which would, as such, easily adapt to any space and provide maximum comfort.

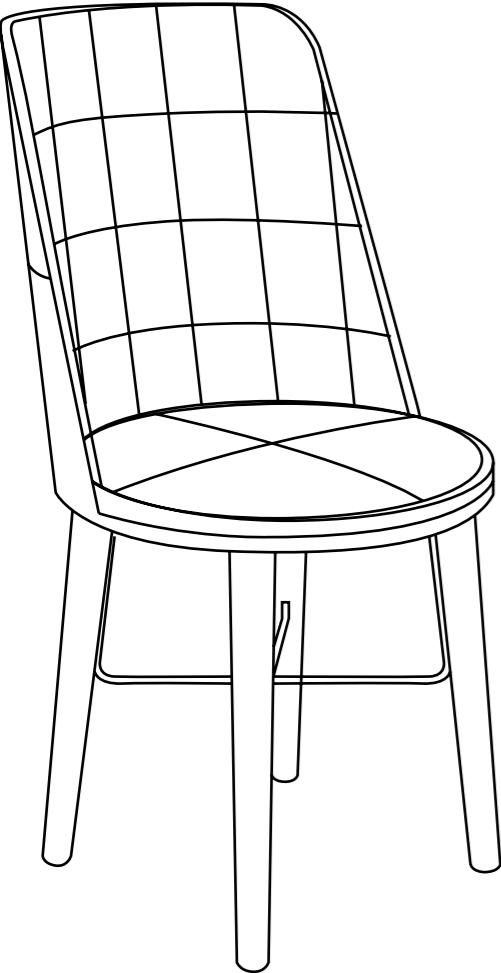

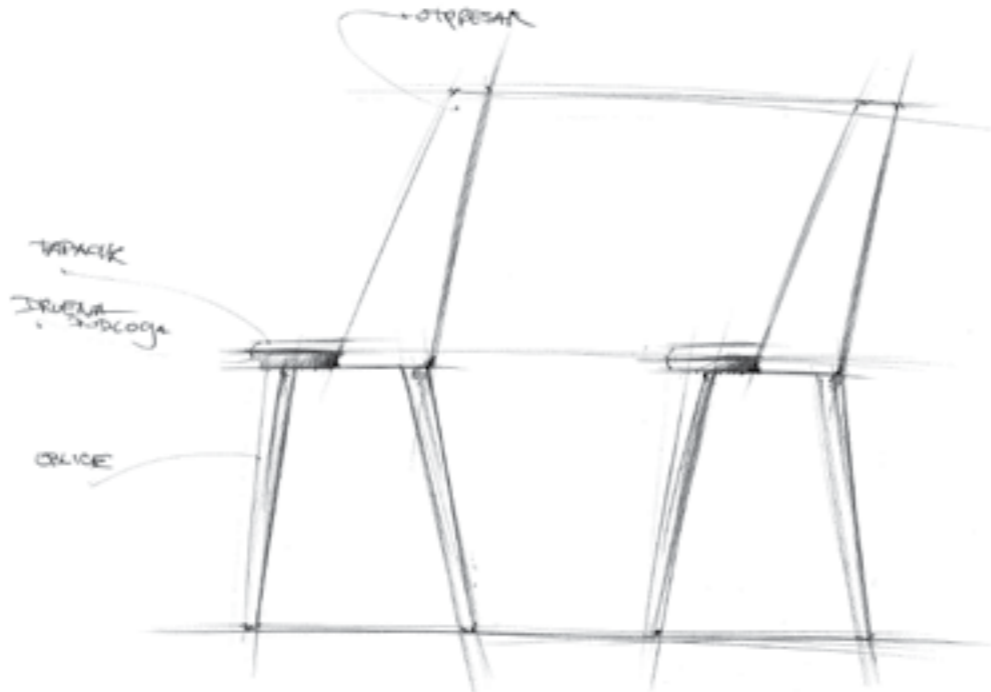

# Luna coffee table

The coffee table with its shape and materials easily adapts to different spaces with a clearly defined "function".

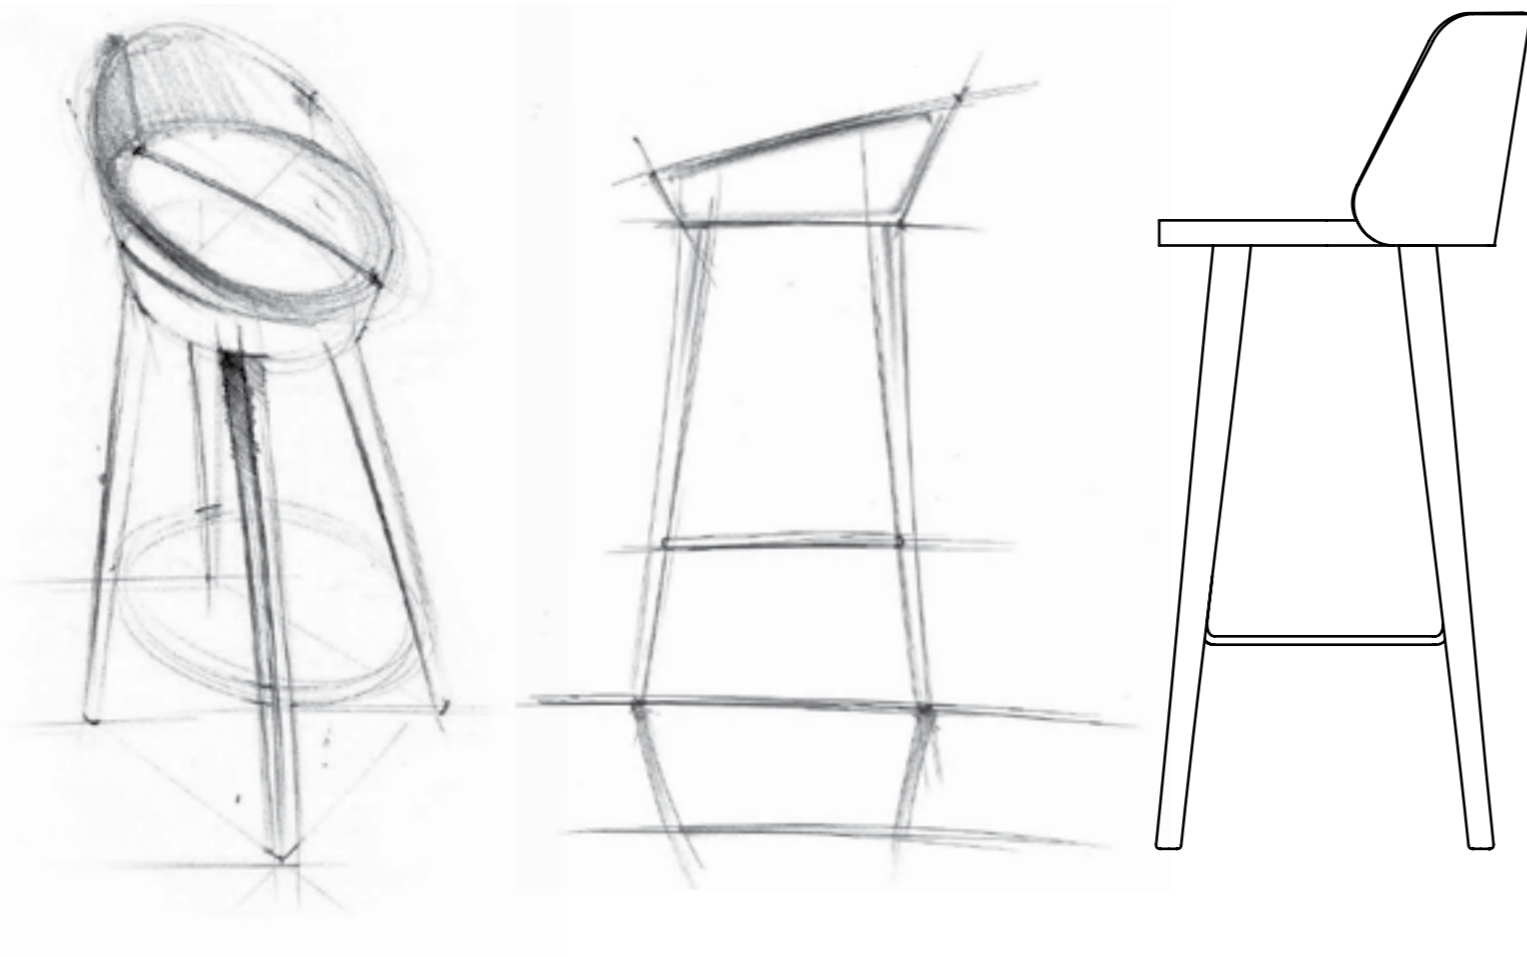

# Luna chair

Comfort associated with constructive lines and accentuated details makes this chair very elegant.

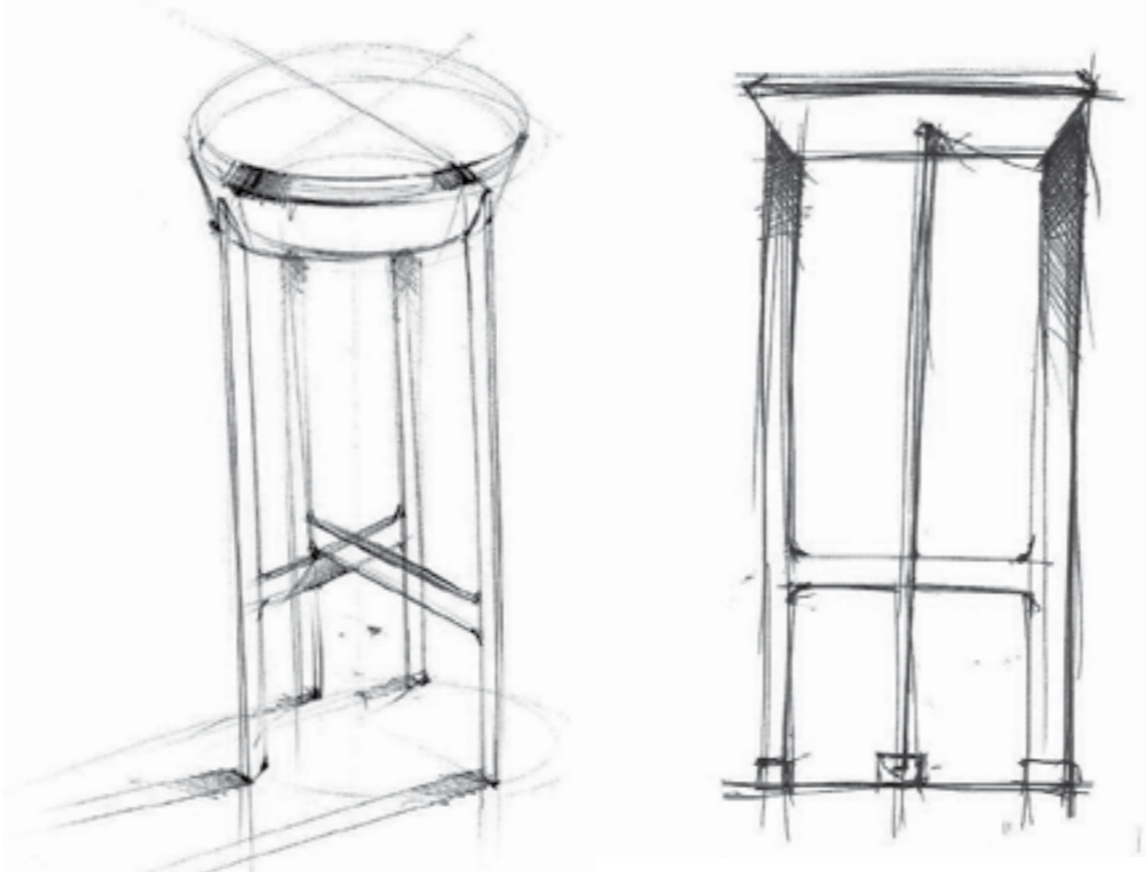

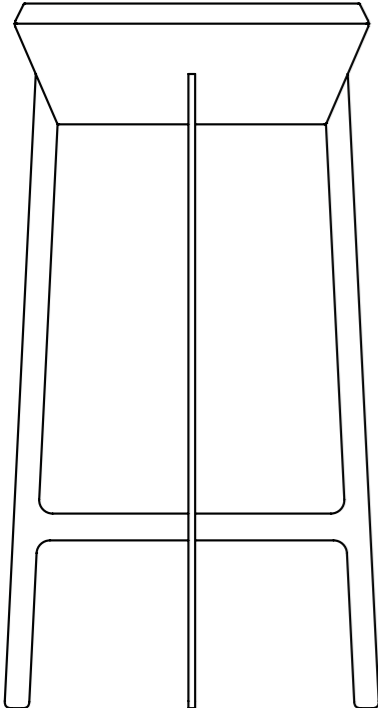

# Luna bar stool

Luna bar stool – with this backrest, we get "comfort".

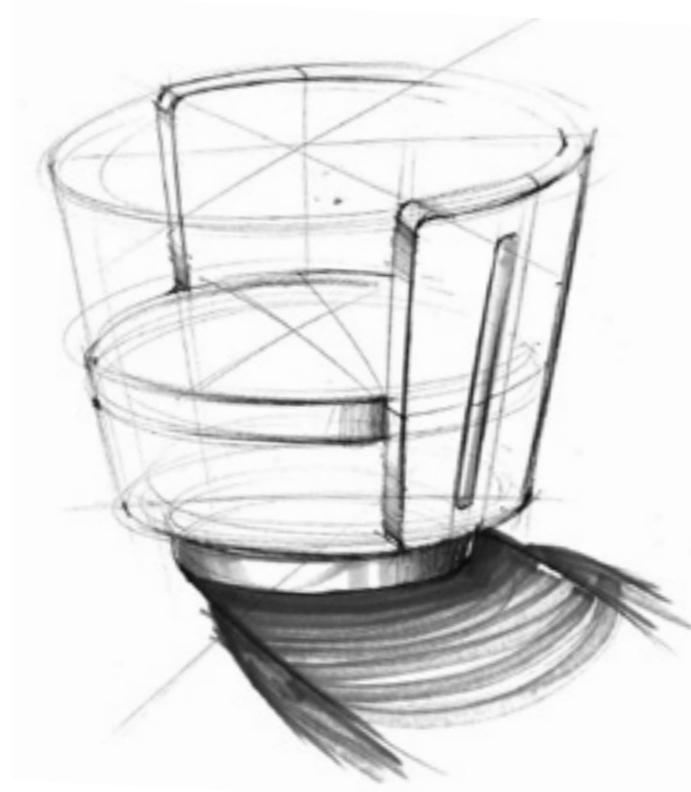

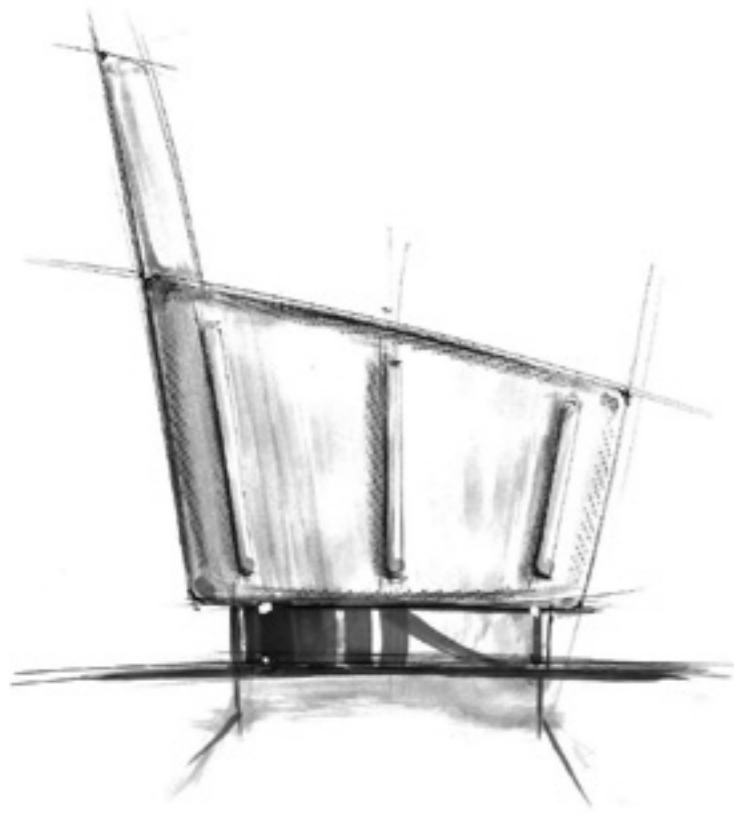

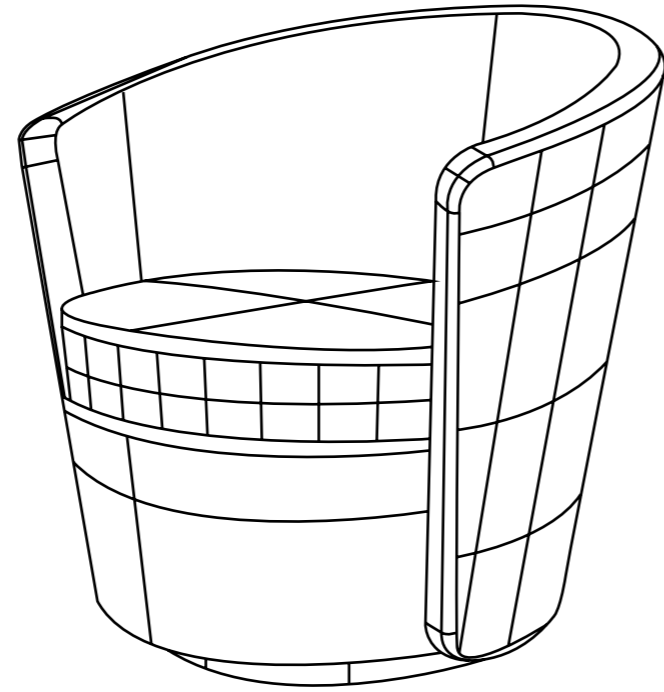

# Luna bar table

Luna bar table – the form of function (panel of the table) has the effect as if it is placed on a metal “line” structure.

# Luna armchair

Luna armchair - Funtion = Form and in this case, that is "comfort".  
Special focus is given to the visible structure.
